## BETHEL LIBRARY STARTS FUND RAISING DRIVE

The Bethel Library is beginning its drive to raise money to renovate the second floor of the Library Building in order to have more room for such activities as the Story Hour. The Library gives good value to the community; in 1977 the book circulation was over 15,000 and, with the cheapest paperback to buy about \$1.75, it is evident that free use of the Library's books is a real educational and recreational bargain.

Contributions are fully tax deductible. All money collected will remain in town and will be spent on the Library, not on administrative expenses. Collectors for the Library are:

Broad St., Mary Chadbourne; Songo Rd., Norma Salway; Mill Hill, Grover Hill, Lover's Lane, Elizabeth Bane; Clark St., Norris Brown; Chapman, Tyler, Kilborn St., Donald Brown.

Main, Spring, Philbrook St., Margaret Tibbets; Church St. and The Park, Jean McGuire; Elm, High, Summer Sts., Jane Banth; Mason, Crescent St., Denise Brown; Upper Paradise and Eden Lane, Frances Harding.

Lower Paradise and Evergreen Rd., Dorothy Boyce; Railroad and Mechanic Sts., Mary Keoskie; South Bethel and Rte. 26, Ruth Peeney; Middle Intervale, Jo Ellen Carter and Virginia Hutchins; Bridge St. and Riverside Lane, Danna Nickerson.

Steam Mill, Louise Annis; North West Bethel, Sally Hannon; Sunday River, Peggy Wright.

Newry, Sue Wright; West Bethel, Hazel Wheeler, Fran Newell, and Cathryn Lovejoy; Mayville, Margaret Tibbets; East Bethel, Stanley Howe.

Businesses, Rebecca Kendall; Clubs and organizations, Ray Moran; Mills, Richard Waldron.

Comments from the Town Manager's Office

Residents are reminded that new landfill hours took effect last Monday, June 19. Hours are now 9 a.m. - 6 p.m. Monday, Thursday, Saturday and Sunday. The area is closed on Tuesday, Wednesday and Friday.

The Board of Assessors met Monday evening to continue field work and Tuesday evening to consider agenda items. Nearly all of the field inspections have been completed and computations made, and the Board has to complete computations for Tree Growth and Farm/Open Space applications, complete personal property valuations and undertake a final review of all valuation cards. It is anticipated that all work will be completed and the tax rate set by mid July.

The Board of Selectmen will meet in special session on Thursday evening to discuss the status of the sewer system infiltration/inflow study with Terry Lorber of DuBois and King, the Town's consulting engineers. The Assessors will meet following the Selectmen's meeting for a work session.

The next regular meeting of the Selectmen will be Monday evening, June 26, at the Pleasant Valley Grange Hall in West Bethel. A public hearing will be held that evening at 7:30 concerning the proposed Special Amusement Permit Rules and Regulations which will apply to liquor license holders. Other agenda items will include discussion of updated welfare rules and regulations, review of the May financial statement, review of correspondence, and review of electrical inspection procedures. Citizens of the West Bethel area are invited to discuss any problems or concerns with the Selectmen.

"A TIME TO PRETEND" IS A SUCCESS

"A Time to Pretend," the Bethel Library's Festival for Children, concluded on Saturday, June 3, with a Fair held in Bingham Gym at Gould Academy. Although the weather could not be described as festive, the atmosphere within certainly could. The affair was highlighted by Pinocchio, a performance by the Celebration Mime Trio of South Paris. This show marked the first performance for the current members of the Trio, who have taken the show all over the

C. OF C. FOCUSES ATTENTION ON LOCAL PUBLIC TRANSIT

At the Chamber of Commerce meeting in May, a question was raised about what bus service is provided to, and from the greater Bethel area and where scheduling information could be located. Presently, the airlines and bus lines serving Portland and Lewiston have no reliable, comprehensive feeder routes from this area. As a result, there is an adverse impact on the segment of this area's vacation and ski business who fly or go by bus, as well as a similar impact on family travel and that of this area. One conclusion is that Bethel could benefit from a regional system of specially scheduled, semi-charter services, consisting of air and bus vehicles.

Western Maine Transportation Service (WMTS), Brunswick Transportation Co., Inc., Hudson/Blue Line and Greyhound were requested to provide information on any of their respective services applicable to the Bethel area. The Chamber of Commerce received two very helpful responses: one from Western Maine Transportation Service and one from Brunswick Transportation Co.

Western Maine Transportation indicates that in the past six months they have been certified as a rural transit corporation. Bethel is a member. WMTS has suggested a meeting with the Chamber of Commerce because they expect

SPRING STREET LANDMARK BEING RAZED

The six-apartment building on Spring Street known over the years as the "Grange Hall" and before that as "Pattee's Hall" is being torn down. Pattee's Hall built during the Civil War was a center of Bethel's social and political life prior to the construction of Ideal Hall in 1884 and the Cole Block in 1891. It was built by Moses Pattee who owned it until his death in 1874. There was once a store on the first floor and a large hall on the second. Mrs. Pattee once had an apartment on the second floor on the side next to her daughter's house (now the home of Ted Gal-

lant). The Patrons of Husbandry later owned the building and its meetings were held here as well as other fraternal orders (Knights of Pythias and Masons) until the Grange ceased to exist in the 1940s. During World War II, the American Legion Brigade, later State Guard Reserve, and finally, the State Guard, conducted training sessions there. It was then purchased by Leslie Davis, who converted it to six apartments. In 1988 it was purchased by Albert Buck who later sold it to Jeffrey Prest. For years noon meals on town meeting days were served here and the building boasted a fine dance floor.

S. A. D. #44 ONE OF 17 DISTRICTS RECEIVING HEALTH EDUCATION PROJECT GRANTS

Seventeen Maine school districts have been awarded school health education project grants through the Health Education Resource Center, University of Maine at Farmington President Einar A. Olsen has announced.

The project, now entering its second year, is administered by the Maine Department of Human Services and the Maine Department of Educational and Cultural Services. Funding for the grants of \$10,000 each is provided by the Department of Human Services.

The districts selected were Gorham, Cape Elizabeth, Brewer, Freeport, S. A. D. 11 (Gardiner), S. A. D. 21 (Dixfield), S. A. D. 32 (Ashland), S. A. D. 39 (Buckfield), S. A. D. 42 (Mars Hill), S. A. D. 44 (Bethel), S. A. D. 48 (Newport), S. A. D. 52 (Turner), S. A. D. 54 (Skowhegan), S. A. D. 56 (Scarborough), Union 52 (Winslow), Union 47 (Bath), and Union 106 (Union).

All told, 30 districts submitted proposals for the development of comprehensive K-12 health education curricula, Olsen said.

In addition to the 17 new projects, the 16 original projects chosen last year will enter their second year of funding. School officials in each of those districts have developed their curriculum during the past year and will be

gin implementation in September. The districts chosen so far represent one-third of the state's 242,000 students, according to project director Richard Walker. The director is pleased with the quality of the new proposals submitted, and praised the work of the original project districts.

"The quality of the curriculum guides developed during this past year has been exemplary," Walker said. "This material should be of great help to the new districts entering the project."

## Greenwood City —

— Mrs. Colista Morgan, Corres. —

It was a clear bracing day, just right to enjoy the richness of summer so I decided to just wander through the woods. First I went by boat to the back shore of the pond. As I stood on the shore, water surface caught the entire reflection and silhouette of the shore line. There were tall trees; pines, stunning poplars, slender birches, water's edge ferns and low underbrush suspended there; all caught up in this calm mirror reflection. Intricate etchings of leaves interspersed the blue of the sky.

I stood and gazed. There seemed to be something amazing taking place for I was staring into the surface of the pond, yet downward into 60 foot depths or more of trees; whose leaves were quivering in the breezes but caught in that water. I looked up into the tall trees, into a limitless sky then down again. It seemed unbelievable but it was so. It was there to be accepted, as so many things are, if you live in the country with nature. It never waits, for Nature has tasks to do but I have learned that whenever I am ready for it it is ready for me.

My picture was broken by something ambling down the shore line. It was a turtle. I stepped forward to greet him. He took a turn toward the bank for I was bigger and faster than he and between him and the water. He detected me and froze. He pushed his head from the shell, looking gawky and awkward. His eyeballs rolled back to the corner of the sockets. I knew he must have felt terror in his turtle heart. (I hope I didn't give him a turtle heart attack.) I tried to assure the little fellow (or maybe the little old lady) that it was safe. I stepped aside to let it go into the water. Considering its pace of departure I'm sure it was a frisky young fellow after all.

Up over the first ridge I went pausing by an ancient dead tree trunk, moss covered and lichen-touched. It was so inelegant in appearance that it was really beautiful.

In the little dip beyond I marveled at the tender ferns, velvety mosses and wild flowers. These flowers, ignored, were born to be wild, untouched by a hoe, not planned, but unattended but still they remain. A buccinating breeze was performing flower piracy while the gay vagabond breeze played with their leaves.

The canopy above made it cool beneath, yet there was a blue window through which I could peek and ponder the endlessness of space.

I liked to hear the snap of dry twigs and to feel the springiness of moss and leaves beneath my feet.

There were some outcropping boulders with minute etchings and small green shells.

I walked beside a little brook and found "Jack-the-preacher" ensconced in his delicate pulpit; he loves the woods, too, and stood listening to the babbling of the flowing stream.

Not so very long ago I stood in

this very spot on my snowshoes. The woods were stripped of their foliage and I could see the back bone of life. There was crystal coldness of wind in my face and silence of woods filling with snow.

## Northwest Bethel

Clarice Gibson, Corres.

When I looked out of our bedroom window this morning, I couldn't even see across to the island because of the fog. Tuesday is full of the moon and if we are to have a frost it would probably be that night. Down here, by the river, we usually don't get these late frosts; because of the fog. Last night, between twelve and one, we did have a thundershower. I remember my uncle, who was stationed in Hawaii for two years, telling that Hawaii doesn't have thundershowers because their temperature is so stable. I would dream that I could, somehow, go there to live as I was deathly afraid of thundershowers. After the children were born I had to overcome this fear so as not to pass it onto them. Every time we had one the boys, when they were very little, would go out and stand in the rain to cool off.

The week end of the 10th Howard and Chapman took his son, Vince, and Scott Snyder camping in the Grafton Notch area.

Miss Margaret Tibbetts called Mrs. Sally Hannon asking her if she would go around collecting money or pledges to renovate the second floor of the library. She will probably be around between the 22nd and 25th.

Sally Hannon was hostess to a housewares party Tuesday June 13. Lillian Conant was the dealer. Those attending were Jo Maxon, Ann Roy, Ellen Durgin, Elaine Hutchins, Kathy Parker, Jannie Buck, Diane Osgood, Denise Brown, Linda Davis and Pat Anderson. Games were played and fun for everyone. There were nice gifts and after the party refreshments were served.

Tuesday, the 13th, Debbie Stearns called up Judy Coolidge to ask if she was going to be home and if she was, Debbie, Ryan and Dawn, plus Robbie Smith, were coming down to visit the new

baby. Not only Debbie came but also Kathy Mason, Jennifer and Chip; Elaine Hutchins, Misty and Shilo; Linda Gibbs and Heather, and Joyce Angevine. They brought cake, cookies, and punch. They also brought gifts for a baby shower.

Monday night the 12th Billy Shimamura was host to 37 Young Life Club youths at his parents, Mr. and Mrs. Joe Shimamura's.

## WALKING WITH JESUS CHRIST

**Bees Can't Fly!**  
 Many of today's perplexing problems includes the scientific fact that "bees can't fly"—and yet they do. Strange isn't it, that in God's perfection we, as the Bible says—"are foolish" meaning "in want of wisdom."

Man has flown to the moon and back—yet we seem to forget that God, our Creator, put the moon in its place and holds it there.

Our universities abound in great works of study, man is continual-ly gaining knowledge, and, tremen-dous as it is—the Bible has more knowledge in it than all man can ever produce. It tells us in I Cor. 3:19—"For the wis-dom of the world is as foolishness with God."

The question arises, why do not men search out the scriptures for the wisdom it contains? Many thoughtful men do—yet for the most part the answers are not forthcoming. I Cor. 2:14 says, "For the natural man receiveth not the things of the Spirit of God for they are foolishness unto him—"

Perhaps the question most asked is: "Who am I?"—Why am I here? and "Where am I going?"

Most of us quiet down our fears by activities—taking a trip and doing things to occupy our minds, but the problem remains—we may run to and fro—looking for an-swers—even drink and drugs wear off—and we're back to where we started from: "Why?"

Well, then, if God can design a Bee that does fly—why not take a healthy look at His Book, the Bible—and learn how the "nat-ural man" can be changed by God in order to understand the things of the Bible.

The Bible says—man before he is "Born Again" is in a sinful state—David in Ps. 69:5 says "O God, Thou knowest my foolishness; and my sins are not hid from Thee." Therefore, it follows—man must move into God's will—be-come righteous, free of sin and foolishness that He might give us wisdom and understanding.

To attain this we must be in kin-ship with Jesus Christ—to put our trust in Him—He repeatedly calls us—even pleads with us to ac-knowledge Him—to turn from our old selves to the new life. He can give us as Jesus says in John 14:6—"I am the way, the truth and the life." There it is, our answer!

We may not learn how the Bee flies but we will know the Person who gives it flight and He will fill our hearts with love, joy and peace.

II Cor. 5:17 "Therefore if any man be in Christ, he is a new creature: old things are passed away, all things are become new."

## QUESTIONS/ANSWERS CONCERNING CFNC

Question: What is a Community Food and Nutrition Center? Answer: A food store, open to the public where low cost, high quality food can be obtained.

Q: Someone told me that I could get a discount by becoming a member. A: Yes, members pay 10% above wholesale on items bought in Maine and 15% for items bought in Boston. Non-members pay 30% and 40% above list.

Q: How can I become a member? A: There are three ways to obtain membership. First, you can pay \$25.

Question: What is the \$25 for? A: This is our principal form of funding. Besides various fund raising projects this is our only source of "start up money."

Q: How else can I become a member? A: OK. The second way to become a member is by working eight hours in exchange for membership. Since we operate with a volunteer staff, many jobs can be exchanged for membership. For example, cashiers, packaging, labeling, picking up food in either Boston or Augusta, bookkeeping, etc. The third way is by bartering. If you have any materials that we need, we can exchange for mem-bership.

Q: When can I become a member? A: Any time. Since we are just beginning there are many things that have to be done. Come and see us: Thursday, 12-6; Friday, 12-6; Saturday, 9-3.

## STONEHAM RESCUE SERVICE FUND RAISING ACTIVITIES

Over the past month, the Stoneham Rescue Service, an entirely independent, non-profit group of volunteers with the goal of bringing emergency medical care to the towns of Lovell, Stoneham, Albany and Waterford, has been involved in many fund-raising activities.

On the evening of April 27, a reception was given by the Evergreen Rebekah Lodge to honor two of its local members, Mrs. Arlene Merrill of East Stoneham and Mrs. Viola McAllister of East Waterford received many donations in lieu of gifts in appreciation of their service as Rebekah officers. These donations were then turned over to the benefit of the Stoneham Rescue Service. After an introduction of the honored guests, a presentation was made by Lloyd Grover and Richard Bean Service of the Oxford-Orleansfield Rescue Service. They emphasized the importance of a service such as Stoneham Rescue, especially in the rural communities. Stoneham Rescue Service officers, Brenda Lyon, president; William Severance Jr., president; Lawrence Dammun, treasurer; and Carmella Dammun, secretary, explained the goals and needs of Stoneham Rescue.

On the morning of May 13, the Stoneham Rescue Service sponsored a pancake breakfast at the Stoneham Grange Hall in North Lovell. The turnout was very good and encouraged the Service to plan similar events.

Mrs. Bernard Allen of Lovell had previously made a generous donation of a full size patchwork quilt to help raise funds for Stoneham Rescue's ambulance. At the Service's regular meeting on June 5, it was awarded to Mrs. Ruth Ames of East Stoneham.

Steve Blood of Lakeview Auto, Center Lovell, and many members spent several days sanding and masking the rescue vehicle, and this unit has received a fresh coat of paint. Required emergency medical equipment and a communications system for the rescue vehicle have been ordered and are expected to be installed in the near future.

Having completed either Red Cross Advanced First Aid and Cardiopulmonary Resuscitation courses or the Emergency Medical Technician training program, 14 members of Stoneham Rescue will soon be ready to begin responding to calls within the four town area.

Proposition 13 is a great start but unless citizens work to make it work, it looks as though it might not be helpful. There is so much waste in government spending but T. V. media and government officials seem to want the populace to believe important services must be reduced. If all the young, healthy, working or non-working, were refused welfare and food stamps on long term basis, we'd all be better off. This service is needed but has gone far beyond the point of ridiculous.

Julie Edwards has begun her summer job at Judkins' Market. Many people were at their camp during the week end. One fellow bagged a couple of bear while he was here.

**On Second Mortgages**

When mortgage money is plentiful, lower down payments are common and lending institutions are looking for borrowers for mortgage money.

However, the picture changes when money is tight. Often, higher down payments are required. If you do not have the cash to meet the full down payment, second mortgages are also available and nothing to be afraid of. The seller or some other lender may agree to loan you the balance of the down payment in this manner.

The second mortgage on the property carries a higher interest rate and a shorter repayment time—usually from three to five years. The reason for

this is the higher risk involved because the second mortgage cannot be satisfied in case of default until after the first mortgage is paid off.

The second mortgage can be an excellent way to complete the sale of property which would otherwise fall by the wayside. Listen very closely to your REALTOR in this situation because professional expertise is a MUST.

A fir gathering party was held at the Day place on Curtis Hill when Mrs. Carl Brooks hosted 14 Goodwill members of the Universalist Church and two visitors for the day Tuesday, June 13, on which they picked fir tips to make pillows for sale later this summer. Marion Mayhew was co-hostess and helped in entertaining the group. A pot luck dinner was served at noon. All had a constructive good time.

Olive Davis was in Norway on business Tuesday and in Bryant Pond in the afternoon to cast her ballot in the Primaries.

Christine Twitchell and Elton Cole were married in the Congregational Church at Bethel Saturday, June 10. A reception followed at the Legion Hall. I attended with Mr. and Mrs. Leslie Bryant. There was a large gathering of friends and relatives. The Holden Brothers played at the reception for dancing. They received many gifts that were opened by Kay Billings and Dot Hooper.

One of our boys, David Clements, was graduated from Telstar High on Wednesday, June 14, with honors. His grandparents, Mr. and Mrs. Karl Thompson and cousin Shirley Harvey and son Karl Macleod, Belfast, came for the graduation which was in the evening. They returned home after the exercises. David received a scholarship and will be attending Bowdoin College this fall.

Mr. and Mrs. James Mason and family, Mr. and Mrs. Robert Grover and family and Jimmy's two friends from Florida, spent the week end at Baxter Park. The group that were able, climbed Mt. Katahdin. They report seeing deer, bear and other animals. The deer ate out of their hands. The Grover's are from Wiscasset and had never been to Baxter Park and one of the Florida boys was experiencing his first trip to Maine which was a treat.

Jeanne Mason, Pete Hadley and Karen Dunham graduated from

Freeport Adventist Academy this week of June 1. Mr. and Mrs. James Mason and family went to her brother's house in Yarmouth and stayed there during this week of festivities. Jimmy Mason, of Florida, came home for his sister's graduation and brought two friends with him. They returned to Florida last Monday, June 12. Jeanne and Karen will be attending college in South Lancaster, Mass., this fall.

A hedgehog has been around the buildings of late, here. He got the pony in the nose and Jeffrey's dog encountered him yesterday in the field. They had to have a vet come to remove the quills each time. A skunk is touring the premises also. I saw his tracks in the garden. He has dug there too. I presume hunting for grub worms. That would be a help.

Mr. and Mrs. Donald Brown, Livermore, called on Mr. and Mrs. Guyson Davis and Mrs. Mary Brown Sunday afternoon.

Mrs. Don Demarest was at Bryant Pond where she helped at the voting booths Tuesday.

I wonder if we will be having a cold summer. Temperature was 34° Thursday morning, June 15 and on the 16th it was 38°. That is rather cold for the gardens to grow. I just hope that it doesn't get any lower as it is a pity for people who are trying to supplement the cost of living with a garden, which means a lot of work also.

Mr. and Mrs. Nicholas Clements and three boys went to their sister's, Mrs. Fannie Brazier's at New Fairfield, Conn., for the week end leaving here Friday afternoon. They attended the wedding of a cousin, Barbara Decrow at Forest Hills, N. Y., Saturday. They returned home Sunday.

Public Utilities Commission approval to expand services in areas where the Chamber of Commerce letter to WMTS indicated their main interest—promoting economic growth in recreation areas in and around Bethel. Currently, WMTS provides only one day a week service to Bethel from Rumford on Tuesdays.

Brunswick Transportation Co. operates service to and through the Bethel area from Portland and Lewiston to Berlin, N. H., on Fridays and Sundays. There are two runs on Fridays in the summer: one departs Portland for Bethel from three terminals (airport-Greyhound-Trailways) 11:30 a.m.-11:50 a.m. and Lewiston at 12:45 p.m., arrives Bryant Pond 1:45 p.m., Locke Mills 1:50 p.m., and Bethel at 2 p.m.; southbound schedule is Bethel 2:15 p.m., Locke Mills 2:25 p.m. and Bryant Pond 2:30 p.m., arriving Lewiston at 3:45 p.m. and the Portland stops from 4:30 p.m. to 4:45 p.m.

The second Friday run departs Portland for Berlin, N. H., its schedule is as follows: Northbound: Portland area 5:00-5:20 p.m., Lewiston, 6:00 p.m.; Bryant Pond, 7:00 p.m.; Locke Mills, 7:05 p.m.; Bethel, 7:15 p.m.; West Bethel, 7:40 p.m.; Gilead, 7:50 p.m.; and Berlin, 8:15 p.m. Southbound on Friday night: Gilead, 9:25 p.m.; West Bethel, 9:35 p.m.; Bethel, 10 p.m.; Locke Mills, 10:10 p.m.; Bryant Pond, 10:15 p.m.; Lewiston, 11:15 p.m.; and Portland area, midnight.

Sunday service is through Bethel to and from Berlin. Northbound: departs Portland area 3:15 p.m.-3:35 p.m.; Lewiston, 4:15 p.m.; Bryant Pond, 5:35 p.m.; Locke Mills, 5:40 p.m.; and arriving in Lewiston, 9:55 p.m.; and Portland bus stops, 10:10-10:45 p.m.

Besides the fact that their schedules are not rationalized with the airlines, Brunswick Transportation Company also indicated that this route is losing money due to lack of patronage which is the reason cited by Brunswick for previously reducing its service from daily to week end. The company feels that its survival is largely
